The holidays can be a difficult time for people in recovery from addictions of various types. It is a time to safeguard one's sobriety with renewed intentionality by re-connecting with extra supports for comfort and healing. Some suggestions include attending extra 12 Step meetings, add extra times of prayer and

Tackle the Cold & Flu Season with Pharmacist Recommended SUPPLEMENTS

It is that time of year again to prepare for the cold and flu season. While it is recommended to get the flu vaccine each season, the flu vaccine alone may not be enough to handle all the viruses that circulate our way. Luckily, Fagen Pharmacy carries amazing products to help combat and/or help prevent symptoms.

PREVENTION of COLD & FLU

WHOLEMUNE CAPSULES (adults)

The key ingredient in Wholemune is beta-glucan. Beta-glucan is known for its support on the immune system to help fight off sickness. This product was designed specifically to prevent the common cold and its symptoms. Studies have shown that this product actually reduces upper respiratory infections, tiredness, tension, and physical stress within 4 weeks. All you have to do is take 1 capsule by mouth once daily to keep the doctor away!

IMU-MAX LIQUID (children & adults)

Imu-Max is specifically designed for children and for patients who have trouble swallowing. Imu-Max is similar to Wholemune and was designed to prevent the common cold and its symptoms. Children up to 6 years old should take 1/2 to 1 teaspoon twice a day. Children over 6 years old should take 1 to 2 teaspoons twice daily. Adults should take 1 tablespoon twice a day.

SYMPTOMS of COLD & FLU

VIRACID CAPSULES (adults)

Viracid is used to help with cold symptoms or when you immediately feel that you are going to be sick. This product contains active ingredients which work together in order to make your immune cells more active and fight off your cold. It has shown to resolve symptoms within one to two days. Viracid also contains key nutrients that boost immune defenses. In order to use this product effectively, you will need to take 1 or 2 capsules per hour. Recommendation is 12 capsules in 24 hours to be symptom-free within 48 hours.

IMU-MAX LIQUID (children & adults)

Imu-Max is specifically designed for children and for patients who have trouble swallowing. Imu-Max is similar to Wholemune and was designed to prevent the common cold and its symptoms. Children up to 6 years old should take 1/2 to 1 teaspoon twice a day. Children over 6 years old should take 1 to 2 teaspoons twice daily. Adults should take 1 tablespoon twice a day.

COUGH

NATRANIX LIQUID (children & adults)

We have all had the common wet or dry cough and sore throat. Luckily, there is a liquid product called Natranix that was design to treat these symptoms. Natranix contains four key ingredients that are used to support the immune system to help relieve coughs and sore throats and help clear mucus. Children 1 year or older should take 1 to 2 teaspoons three to four times daily per day. Adults should take 1 tablespoon three to four times per day.

NK-STIM (for a cough that lasts over 2 weeks in adults)

NK-Stim is a product targeted to boost the body's immune response, especially when a person has been fighting a virus for several weeks with no relief of their cough. Adults should take 2 capsules two times per day for 14 days.

Learn more about how we are giving back to the community that makes us great!

At Illiana Heating & Air, Inc. we believe in quality customer service and building the kind of integrity that our customers trust. We also realize how important it is to give back to organizations in our community and beyond that have touched the lives of our employees. When our employees choose their charity of the month they usually pick one that someone in their family or friendship circle has been affected by, or an organization that just means a lot to them. During the month of December we will be giving a donation to the ALS Association. Our installation technician Rick chose the charity; we will also have a special on humidifiers. Why not join us at Illiana Heating & Air, Inc. in giving back to charities in our community! Call us today at 219-987-2107 or visit our website at www.illianaheating.net.
