CONGRATULATIONS!

Katie Wietbrock has accepted the position of Office Manager at McColly Real Estate.

Katie's new position will focus on recruiting, training and mentoring newly licensed Realtors.

Katie also welcomes the opportunity to speak with experienced Agents about opportunities available through the McColly Company. Have you considered a career in Real Estate? Would you like more information? McColly School of Real Estate classes forming on 04/11/16 at several locations. Day and evening hours available to accommodate most schedules.

Call or [e-mail Katie](#) today for more information 219-746-7742 or 987-4499.

Continuing their tradition of giving back to the communities in which they live, work and play, the *McColly Real Estate Company* and the *McColly Foundation* was proud to support the Marine Corp. Toys for Tots 2015 Campaign. Thanks to the contributions of the Realtors at the DeMotte location along with family members, clients (past & present) and generous friends in the Community we were able to be a part of helping make Christmas just a little merrier for 2,372 children this year.

Linda White, Office Administrator was proud to accept this plaque of recognition and thank you from the Marine Corp Volunteer, Bob Watts (also pictured)

Thank you to all that continue to support our spirit of "giving back".

Belstra Milling Company is growing! You may have noticed the large cranes and trucks carrying steel beams moving around town. Here at the mill, there are a couple of grand additions currently in the works. In November of 2015, construction began on a new pelleting mill that will increase both capacity and quality in our pelleted feed production. The amount that the current pellet mill will produce is 6-7 tons per hour during our 22 hours of operation per day. The new mill will produce 25 tons of feed per hour which will quadruple our total output within the existing mill. We are also building a new Dairy premix milling operation, another project that began in late 2015. The mill today includes a 3 ton mixer and 400 tons of mixing ingredient storage. Plans for the new mill include a 6 ton mixer, 1100 tons of mixing ingredient storage and double the microingredient storage capacity, adding 2-3 times more output to our total production. Altogether, adding the premix and pelleting mills will allow BMC to better accommodate its existing customers, make room for larger feed production, and greater serve the community.

Keep a level head in an up-and-down market.

Amid recent market volatility, we've seen some upswings and downturns. But when the market reacts one way, it doesn't mean you should, too. The actions you take today can significantly impact your financial future. So before you alter your investment strategy, schedule a financial review. We can help you stay focused despite the market's recent disappointments and find opportunities for the long term.

Call today to schedule your financial review.

new leaf resources
hope. help. healing.

Have you ever lost a job, ended a relationship, been bullied or grown apart from a

friend? **Rejection** is a form of loss that takes many forms and touches every life. The pain caused in these moments can be paralyzing, preventing us from moving past the hurt or taking risks in the future. If you or someone you know is struggling to overcome the fear or pain of rejection, consider giving **New Leaf Resources** a call at 219-270-3395 or visiting www.newleafresources.org. New Leaf provides supportive professional counseling from a Christian perspective, and can help you find a new direction when rejection closes a door in your life.

ILLIANA
HEATING & AIR CONDITIONING, INC.

Click HERE to visit their official website!

Illiana Heating and Air Conditioning was recently honored in two separate industry publications. In the January 25 issue of The News, they were honored by being named The Best Contractor to Work For 2015, and in the February issue of Contracting Business.com they were named 2016 Residential HVAC Contractor of the Year.

Recognition by industry insiders speaks volumes for the hard work and high standards that Illiana HVAC strives to achieve on both sides of the business.

Employees at Illiana HVAC enjoy a family type of atmosphere, and many of the employees have been there for more than 5 years, and in fact some have made a career of working for Illiana. The article mentions the integrity of the management staff and the benefits of doing things "the Illiana way".

Being recognized as the Residential Contractor of the Year means that other business experts have reviewed Illiana's way of doing business, customer service and future plans and deemed them one of the best. Illiana is constantly looking at ways to improve how we do business and how we provide for our customers.

The articles can be accessed on achrnews.com and on contractingbusiness.com.

NIPSCO Introduces New Ways for Customers to Save Energy

Smart Thermostat Rebates, Appliance Recycling and Free Home Energy Assessments Top the List

to take advantage of these simple and effective options.”

Homes, businesses, schools and nonprofit organizations now have several opportunities to become more energy efficient. The 2016 lineup will feature new programs such as the Refrigerator Replacement Program for Income Qualified Customers, the return of the popular Appliance Recycling Program and the continuation of Rebates on Energy Efficient Appliances and Equipment.

Merrillville, Ind. — NIPSCO today announced a lineup of newly available and popular energy efficiency programs to help customers save energy and manage their bills. “Customers want the ability to save energy and money each month, and these programs make it easy to do that,” said Violet Sistovar, NIPSCO executive vice president. “We encourage all of our customers

Commercial, Industrial and Non-profit Energy Savings Programs

Cash Incentives for Efficient Improvements: Offers standard and custom incentives to customers who are making electric and natural gas energy efficiency improvements by retrofitting equipment in existing buildings.

Energy Savings for Small Businesses: Provides energy-saving opportunities and assistance to existing small business facilities to maximize their energy savings and minimize their out-of-pocket costs.

Facility Optimization: Designed to help customers determine the energy performance of their facilities in order to identify energy savings opportunities through optimization of their existing systems.

Incentives for New Construction: Offers incentives to encourage building owners, designers and architects to exceed standard building practices and achieve energy efficiency above and beyond the current building code requirements. The goal of this program is to produce new buildings and building expansions that are efficient from the start.

For more detailed information and program qualifications on any one of NIPSCO’s energy savings programs, visit NIPSCO.com/SaveEnergy.

About NIPSCO: Northern Indiana Public Service Company (NIPSCO), with headquarters in Merrillville, Indiana, has proudly served the energy needs of northern Indiana for more than 100 years. As Indiana’s largest natural gas distribution company, and the second-largest electric distribution company, NIPSCO serves approximately 810,000 natural gas and 460,000 electric customers across 32 counties. NIPSCO is part of NiSource’s (NYSE: NI) seven regulated utility companies. NiSource is one of the largest fully regulated utility companies in the United States, serving approximately 4 million natural gas and electric customers through its local Columbia Gas and NIPSCO brands. More information about NIPSCO and NiSource is available at NIPSCO.com and www.nisource.com.

This is a great time to say thanks to all of you who have made **Hollandale Builders** what we are today. We appreciate our loyal customers and especially enjoy working for multiple generations in a family and for the same customers repeatedly.

With the dawning of this New Year, we bring some changes to Hollandale. As many of you know, Craig Hill has been an owner for about nine years after Bud Huber's retirement. He joined Mark Hubers (a second generation owner) back in 2007. This year, we are taking on another partner. Greg Musch, an experience trim and framing carpenter, is now on board with Craig and Mark. Greg, with his wife, Jolene and children Grant and Brooklyn join the existing families here at Hollandale. As we enter our 46th year, we believe this change will help keep Hollandale in the forefront of experience and innovation.

Whether you are a long term customer, a new customer or someone just looking ahead to building needs; we want to serve you in 2016. Give a call or [shoot us an e-mail](#).

Blessings in the coming year,

Mark, Craig and Greg
