A Fair Deal Starts with a Fairview Home Inspection

A home is the biggest purchase you'll ever make, so it's important to understand the condition of your investment. John is a Certified Professional Inspector, licensed through the State of Indiana, trained by InterNACHI and certified through Purdue University. We inspect the visible and accessible structure, systems and components of the home, inside and out, from the foundation to the roof. To learn more about Fairview visit us at fvhinspections.com or call us at 219-742-1309. Be sure to ask about our discounts for Veterans. Whether you're buying an existing home or building a new one, let Fairview Home Inspections give you the peace of mind you deserve so that you can make the right choice for your future.

UPDATE!!!

So far, the Friends of the DeMotte Parks has collected donations totaling over \$135,000. Every one of them is generous and every one is appreciated. Thank you to all who have donated, any amount is greatly appreciated.

We need to raise \$25,000 by July 5, 2017 in order to receive a \$25,000 matching grant from the Indiana Housing and Community Development Authority. And if we meet our goal by then, we'll be able to enjoy the park for DeMotte's 50th birthday celebration and Touch of Dutch in August.

Donate today!

Let's build a park!!

With Gratitude,

Leanne Doffin, Silviya Stout, Jenny Jonkman

Jasper County Airport has been bustling with educational activities. We've hosted Aviation Career Day on May 12, helping 600+ students learn about aviation and aviation careers from aviation industry professionals.

On May 17th, we hosted Demotte Christian's preschoolers for an airport tour. Students learned about parts of an airport including lighting, markings, and buildings. They also learned about aircraft and aviation maintenance. Each student had an

opportunity to sit in an airplane.

On May 18th, Jasper County Airport hosted KV Intermediate's 5th graders. 300 students split into two groups, learned about aviation including careers; watched science demonstrations applicable to aviation; and toured the airport including the maintenance shop.

Tips to **AVOID** an Air Conditioner **BREAKDOWN**

☐ **Change you furnace filter regularly**

Did you know that it is recommended to replace a 1-inch filter monthly? Thicker filters can be changed less often but should still be checked monthly.

☐ **Trim all bushes and plants around your air conditioner**

Even though providing shade keeps your unit cool and helps with efficiency, keep plants and bushes at least 2 feet away from the unit to allow for proper air circulation,

☐ **Annual preventative maintenance**

Not only is it recommended by every manufacturer, but it saves you money and prolongs the life of your unit!

☐ **Don't let the dogs out!...by the air conditioner.**

Even though we love our "furry family members", dog urine can eat away the metal and cause corrosion on your refrigerant coil, leading to system failure.

☐ **Keep hoses and drains clean**

A plugged hose or drain can stop your air conditioner from running and make a huge mess! Get a maintenance plan so you never have to worry!

Bonus tip: Many thermostats have batteries!
