**Life Insurance for Business  
Continuation Plans**

In small business structures the loss of life can create emotional and financial hardship. All business structures are unique. We have found that many business owners have used life insurance to fund a buy / sell agreement. When the death of an owner occurs the life insurance benefit is used to buy out his/her shares to continue the business. The surviving beneficiary would receive the proceeds. This is a basic buy/sell need that is met with a life insurance plan.

### **Announcing Franciscan Health's Online COVID-19 Assessment**

Franciscan Health has developed a free online assessment for patients who are experiencing symptoms or think they may have been exposed to COVID-19. This non-diagnostic questionnaire, developed in collaboration with Franciscan clinical leaders, will determine an individual's eligibility for a telephonic consultation with a qualified nurse. A nurse will then guide patients with their next steps to the care they need. The online assessment can be accessed by clicking on the COVID-19 alert banner at the top of the Home page on the Franciscan Health website or from the direct link below:

<https://www.franciscanhealth.org/covidaware>

### **There are 3 Steps to the Online Assessment Journey**

1. Patients take a **COVID-19 ONLINE ASSESSMENT** to determine their eligibility for a nurse consultation.
2. If patients qualify, a nurse will contact them for a **TELEPHONIC COVID-19 NURSE CONSULTATION**.
3. For those at high risk, a nurse will direct patients to a **COVID-19 In-Person Test Site** or other clinical sites as needed.
