We are currently completely renovating the front half of our building as well as the entire exterior.

Our offices will remain open during the remodel process, but clients will

need to enter through the rear entrance.

We will be adding some much needed office space, and conference room. We will also be adding to our parking lot spaces.

We are also reconfiguring of offices and conference room for remote meetings to better serve our clients with safety concerns.

We hope to have project completed by the middle of November, plenty of time before tax season.

As always, our goal is to help our clients to be finically successful by providing payroll and bookkeeping services, tax planning and preparation, and business consultation, with the utmost personal service at a reasonable fee.

Jasper County REMC Announces Plans for High-Speed Internet Service

Jasper County REMC is excited to announce the beginning stages of their new high-speed internet service division. This undertaking will be approximately a five-year build in the making. Jasper County REMC is

eager to begin the creation of this division as they work to provide faster, more reliable internet at affordable prices to their members.

The construction of a SmartGrid Ring, an essential technology component of this division, will be completed by the end of 2021. Some benefits of the SmartGrid Ring will include fewer power outages and the improvement of communications between the substations. The final benefit, upon completion, will be to facilitate high-speed internet to the members. The co-operative is dedicated to completing the construction process for the whole project in the timeliest possible manner.
